What Is Hippolytus?

Written by the ancient Greek playwright Euripides in the 5th century BCE, *Hippolytus* is a tragic drama that examines the destructive power of desire, the complexity of divine influence, and the fragility of human virtue. The story centers on Hippolytus, the son of the king of Phaeacia, who is devoted to the goddess Artemis. His devotion clashes with the lustful desires of his stepmother, **Phaedra**, and the manipulative forces of the gods.

Key Themes and Motifs

- Divine Intervention vs. Human Agency – The gods play a pivotal role in the narrative, raising questions about fate and free will.
- Purity and Corruption – Hippolytus's unwavering chastity contrasts sharply with Phaedra's sexual obsession.
- Honor and Reputation – The play explores how societal perception can drive tragedy.
- Miscommunication and Misunderstanding – A series of misinterpretations leads to irreversible consequences.

Plot Summary

The plot unfolds over three acts. In the first act, Hippolytus's devotion to Artemis earns him a blessing that forbids him from engaging in sexual activity. Phaedra, however, falls in love with him and, unable to act, decides to confess her feelings to her husband, **Theseus**. The second act shows Theseus's reaction and his attempt to protect his son, while also revealing the gods' involvement. The third act culminates in a tragic climax where Artemis's curse leads to Hippolytus's death, and Phaedra's shame drives her to suicide. The play ends with a moral about the dangers of unchecked passion and the necessity of respecting divine will.

Character Overview

1. Hippolytus – The virtuous son of Theseus, devoted to Artemis.
2. Theseus – King of Athens, husband of Phaedra, father of Hippolytus.
3. Phaedra – Stepmother to Hippolytus, wife of Theseus, whose forbidden love sparks the tragedy.
4. Artemis – The goddess of the hunt, who blesses Hippolytus with chastity.
5. Hades – The god of the underworld, who assists in the play's resolution.
