Ishikawa's prose is noted for its lyrical quality, which juxtaposes the mundane routine of the novel's setting with the unsettling undercurrent of its premise.

Plot Summary

The story follows three friends—Kathy, Ruth, and Tommy—who grow up in a seemingly idyllic English boarding school called Hailsham. From a young age, the children are taught to appreciate art and literature, yet they are never told the full truth about their purpose. As the plot unfolds, it becomes clear that the children are clones created for organ donation. Their lives are carefully monitored, and their emotional development is controlled to prevent rebellion.
